Russian Landforms Map

Look at the Map on page 348.
Study the Major Landforms and bodies of water in Russia.
Your assignment is to DRAW a blank Map of Russia on a sheet of paper. Then you should draw in the Major Landforms and bodies of water in Russia. Please add all the landforms and bodies of water including-Mountains, Plateaus, Rivers, Lakes, Gulfs, Seas, Valleys, Deserts, Basins, Bays, Canyons, Islands, Oceans, Peninsulas, Plains, Sounds, Straits, etc.
Write the name of the Landform or waterway on the Map.
The more detail you include on the Map, the more points you will receive.
Isn’t School Fun?!?!              This is worth 40 points.
